PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

25X1A

The services and equipment being procured by this Contract No. NH-1420 are in furtherance of the Program(s)

, the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

Contract No. NH-1420 was for engineering, modification, test

25X1A

The final cost and property audit of the contract has been completed and a report thereon has been submitted to the undersigned. The residual inventory has been transferred to Contract No. FS-1918 for accountability. The auditor has recommended the final costs claimed be approved per his audit. The total cost of

25X1A

results in a total approved contract price of In connection with this settlement there are attached the following documents:

Audit Report #B-67-16-37
Contractor's Release
Contractor's Assignment of Refunds, Rebates,
and Credits
Residual Inventory

All work and services required under the contract have been satisfactorily performed. Royalty and Patent Statements have been received.
